**ITEM #ULTRIT:** The Ultimate RIT Bag is an enhanced version of our RIT/FAST Air Bag. This bag has a nozzle knock out near the zipper on both ends. We've added an additional zipper slider so that it can be opened from either end. The inside of the bag has been fitted with a 1 1/2" web strap and a 1 1/2" black plastic side release buckle, so any size cylinder can fit securely. We have made all three of the outside pockets longer, and have added more Velcro to the pocket to aid in flexibility of pocket closure. There are three elastic loops on the outside of the bag for small tools, and two light stick sleeves made out of see through vinyl with a Velcro closure. Each sleeve will hold one 6" x 1" light stick. It comes standard in blue with "RIT" label. Two 6" light sticks are included.
