## ITEM #1900: EXTREME DUTY TOOL BAG:

This is a heavy-duty canvas tool bag with a rigid bottom and rails. Has two 19" x 3" x 3" outside zippered pockets with grab handles and a shoulder strap.

Bag is a wide-mouth and opens to the full size of the bag which is 19" x 10" x 10". This is an extreme duty tool bag and should only be used by professionals.

## ITEM #2079: HYDRANT BUCKET:

Features include:

- Padded handle for hauling heavy loads with less fatigue on your hands
- Storage pockets
- 4 tool holsters

Made of 18 oz. rip stop vinyl and heavy-duty cotton, the SAR bucket can tackle almost any job. Whether it be lowering equipment into confined spaces or collecting debris to be removed or carrying tools and specialty equipment. Every fire truck should have a SAR bucket.

## ITEM #6904-TRUCKEE IRONS BAG-ROOF KIT:

36" x 8" x 8" bag is great for assembling a roof kit. Bag features heavy-duty cotton duck with shoulder strap and grab handles. Has a rope pocket for utility rope. One end of the bag is closed while the other is open to allow for easy access to tools. Bag also has Velcro closure to prevent tools from slipping out. You will find this one to be great for Engine Companies as well. Use it to make a forcible entry kit. Have all your tools in one bag - no more running back and forth. Bag fits neatly in most side compartments.

## ITEM #ISH300: IRONS MAN SLINGER:

New from Avon Manufacturing Company is an Irons holder with padded shoulder strap.

Comes in assorted colors: Red. Blue. Yellow.

## ITEM #RBT1220: MINI HEAVY-DUTY DUFFEL:

Small but mighty, this is our newest duffel/tool bag. It is 16" long x 10" wide x 10" high. It is made of 18.5 ounce rip-stop vinyl, with a Ballistic nylon bottom. Inside of bag has a plastic insert lined with 210D nylon. For added strength, the bottom of bag has two 15" rails attached to inside plastic. Hardware is all heavy-duty 2" nickel. Web is heavy-duty 2". Comes complete with our Super Strap shoulder strap. Works great for the Rabbit tool, also.

Available in:

- Blue
- Yellow

## WATERCAN HARNESSES:

### ITEM #1905-WITH POCKET

### ITEM #1906-WITHOUT POCKET:

This simple, heavy-duty water can harness holds any water can. It features an 8" x 8" pocket for chocks and small tools. It also has a lock that keeps the harness attached to the can to keep it from slipping down. Shoulder harness is fully adjustable and harness has a reflective stripe for safety. Great tool. Also comes without the pocket.

## UTILITY BAGS:

### #3001-SMALL-4"

### #3002-MEDIUM-6"

### #3003-LARGE-10"

Features heavy-duty all cotton construction. Large shoulder strap, large outside pocket, and inside pockets. Great for extrication tools and an all-purpose utility bag.
