PRESENTS

September 12th - 14th, 2012

8:00 a.m. - 5:00 p.m.

Registration Fee: \$335.00

No matter what rank you are line officer, firefighter, training chief get really tuned -up and fine tune the art of engine operations. This compelling all comprehensive course is full of experiences and knowledge you can take back to your next tour of duty. The instructors are spirited in tradition and experience some with over 25 years of service with the appreciation of truly crawling the hallways and facing many fireground challenges throughout their careers. Come, experience and train on engine operations, fireground engine applications, size-up, crew positioning and responsibilities, hose line advancements, fire extinguishment , numerous nozzle applications, hose line civilian search, hose loads and deployments, tactics and strategies, scenarios and more throughout this hard hitting 3 day program.

To register, contact Academy Secretary Diane at (815) 372-4042, or register online at www.rfa2100.org
