MISSION STATEMENT

It is the mission of the Singerly Fire Company to provide prompt, dependable, quality and cost effective fire, rescue and emergency medical responses to the citizens of our community.

These services will be rendered in an efficient and professional manner, while preserving lives, property and the environment, within the limits of available resources whenever possible.

These services will be provided regardless of the citizens' age, race, economic circumstance, or other individual characteristics that would provide a basis for discrimination.

The Singerly Fire Company will also provide fire safety education classes and fire prevention programs as part of its community outreach program to the citizens of the community.

ABOUT SINGERLY FIRE COMPANY

Singerly Fire Company has been proudly serving the people of Cecil County and the surrounding area since 1892. For over 100 years, dedicated men and women have volunteered to help their neighbors during times of crisis. We've watched Cecil County grow up—from a farming community, to part of the busy corridor spanning from Philadelphia to Baltimore. Mules gave way to tractors, just as tractors have faded away for commuters' cars and SUV's.

During that time, Singerly Fire Company has also grown up. Horse drawn steam engines gave way to gas powered open air fire trucks. Wooden ladders were replaced with massive tower trucks. Cadillac hearses became state-of-the-art ambulances. The work that was once done by a few volunteers is now done by many.

Through it all, Singerly Fire Company has remained a dedicated group, striving to serve the needs of our neighbors. It is in that spirit that we say thank you for your support. Your participation in our event, fund drives, and activities helps us to better serve this community. As we embark on the initial design and construction of a new facility to house our personnel and equipment, we ask that you continue your generous support of Singerly Fire Company.
